Iam diu navis Flaviorum
in alto mari est.

Flavii laeti sunt.

Sola Flavia maesta est, nam
Quintum amicum cogitat: apparet.

Subito magna navis procul

Iam magister nautas vocat et
incitat.

Flavia valde timet neque lacrimas
iam tenet, Caecilia unonem credit.

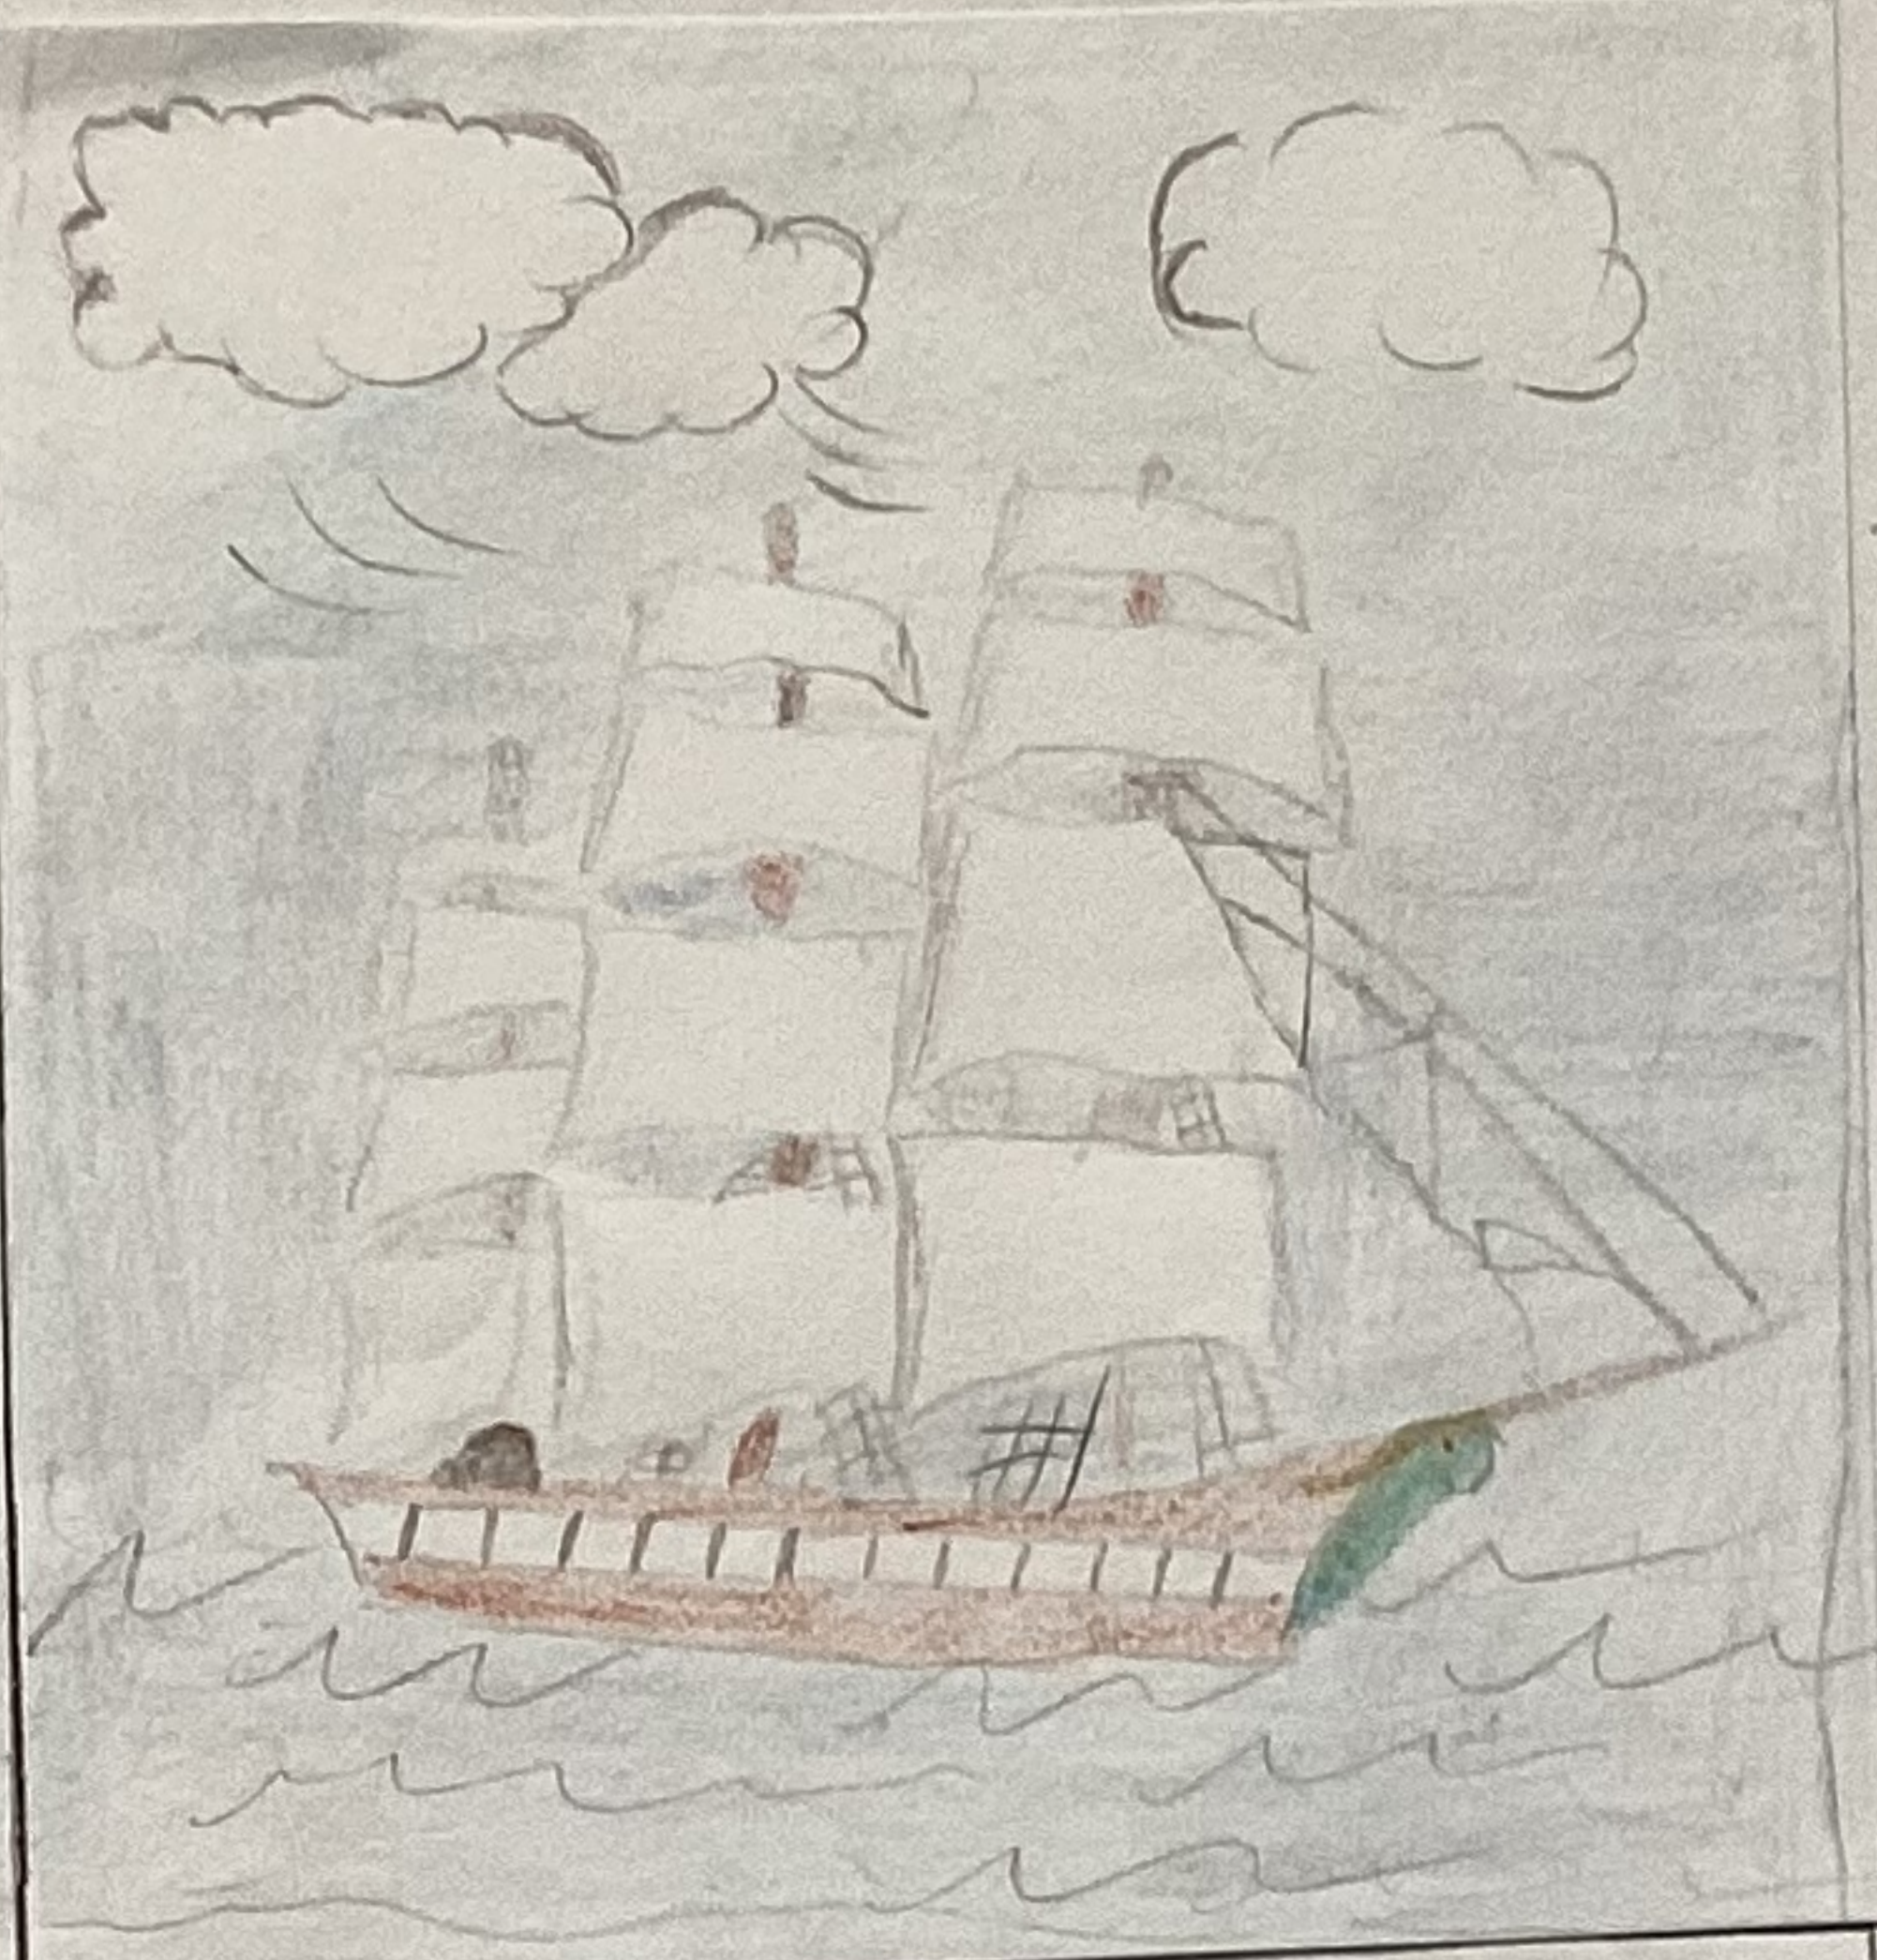

Magnus est furor.
Nautae acerrime pugnant,
sed piratae superant.

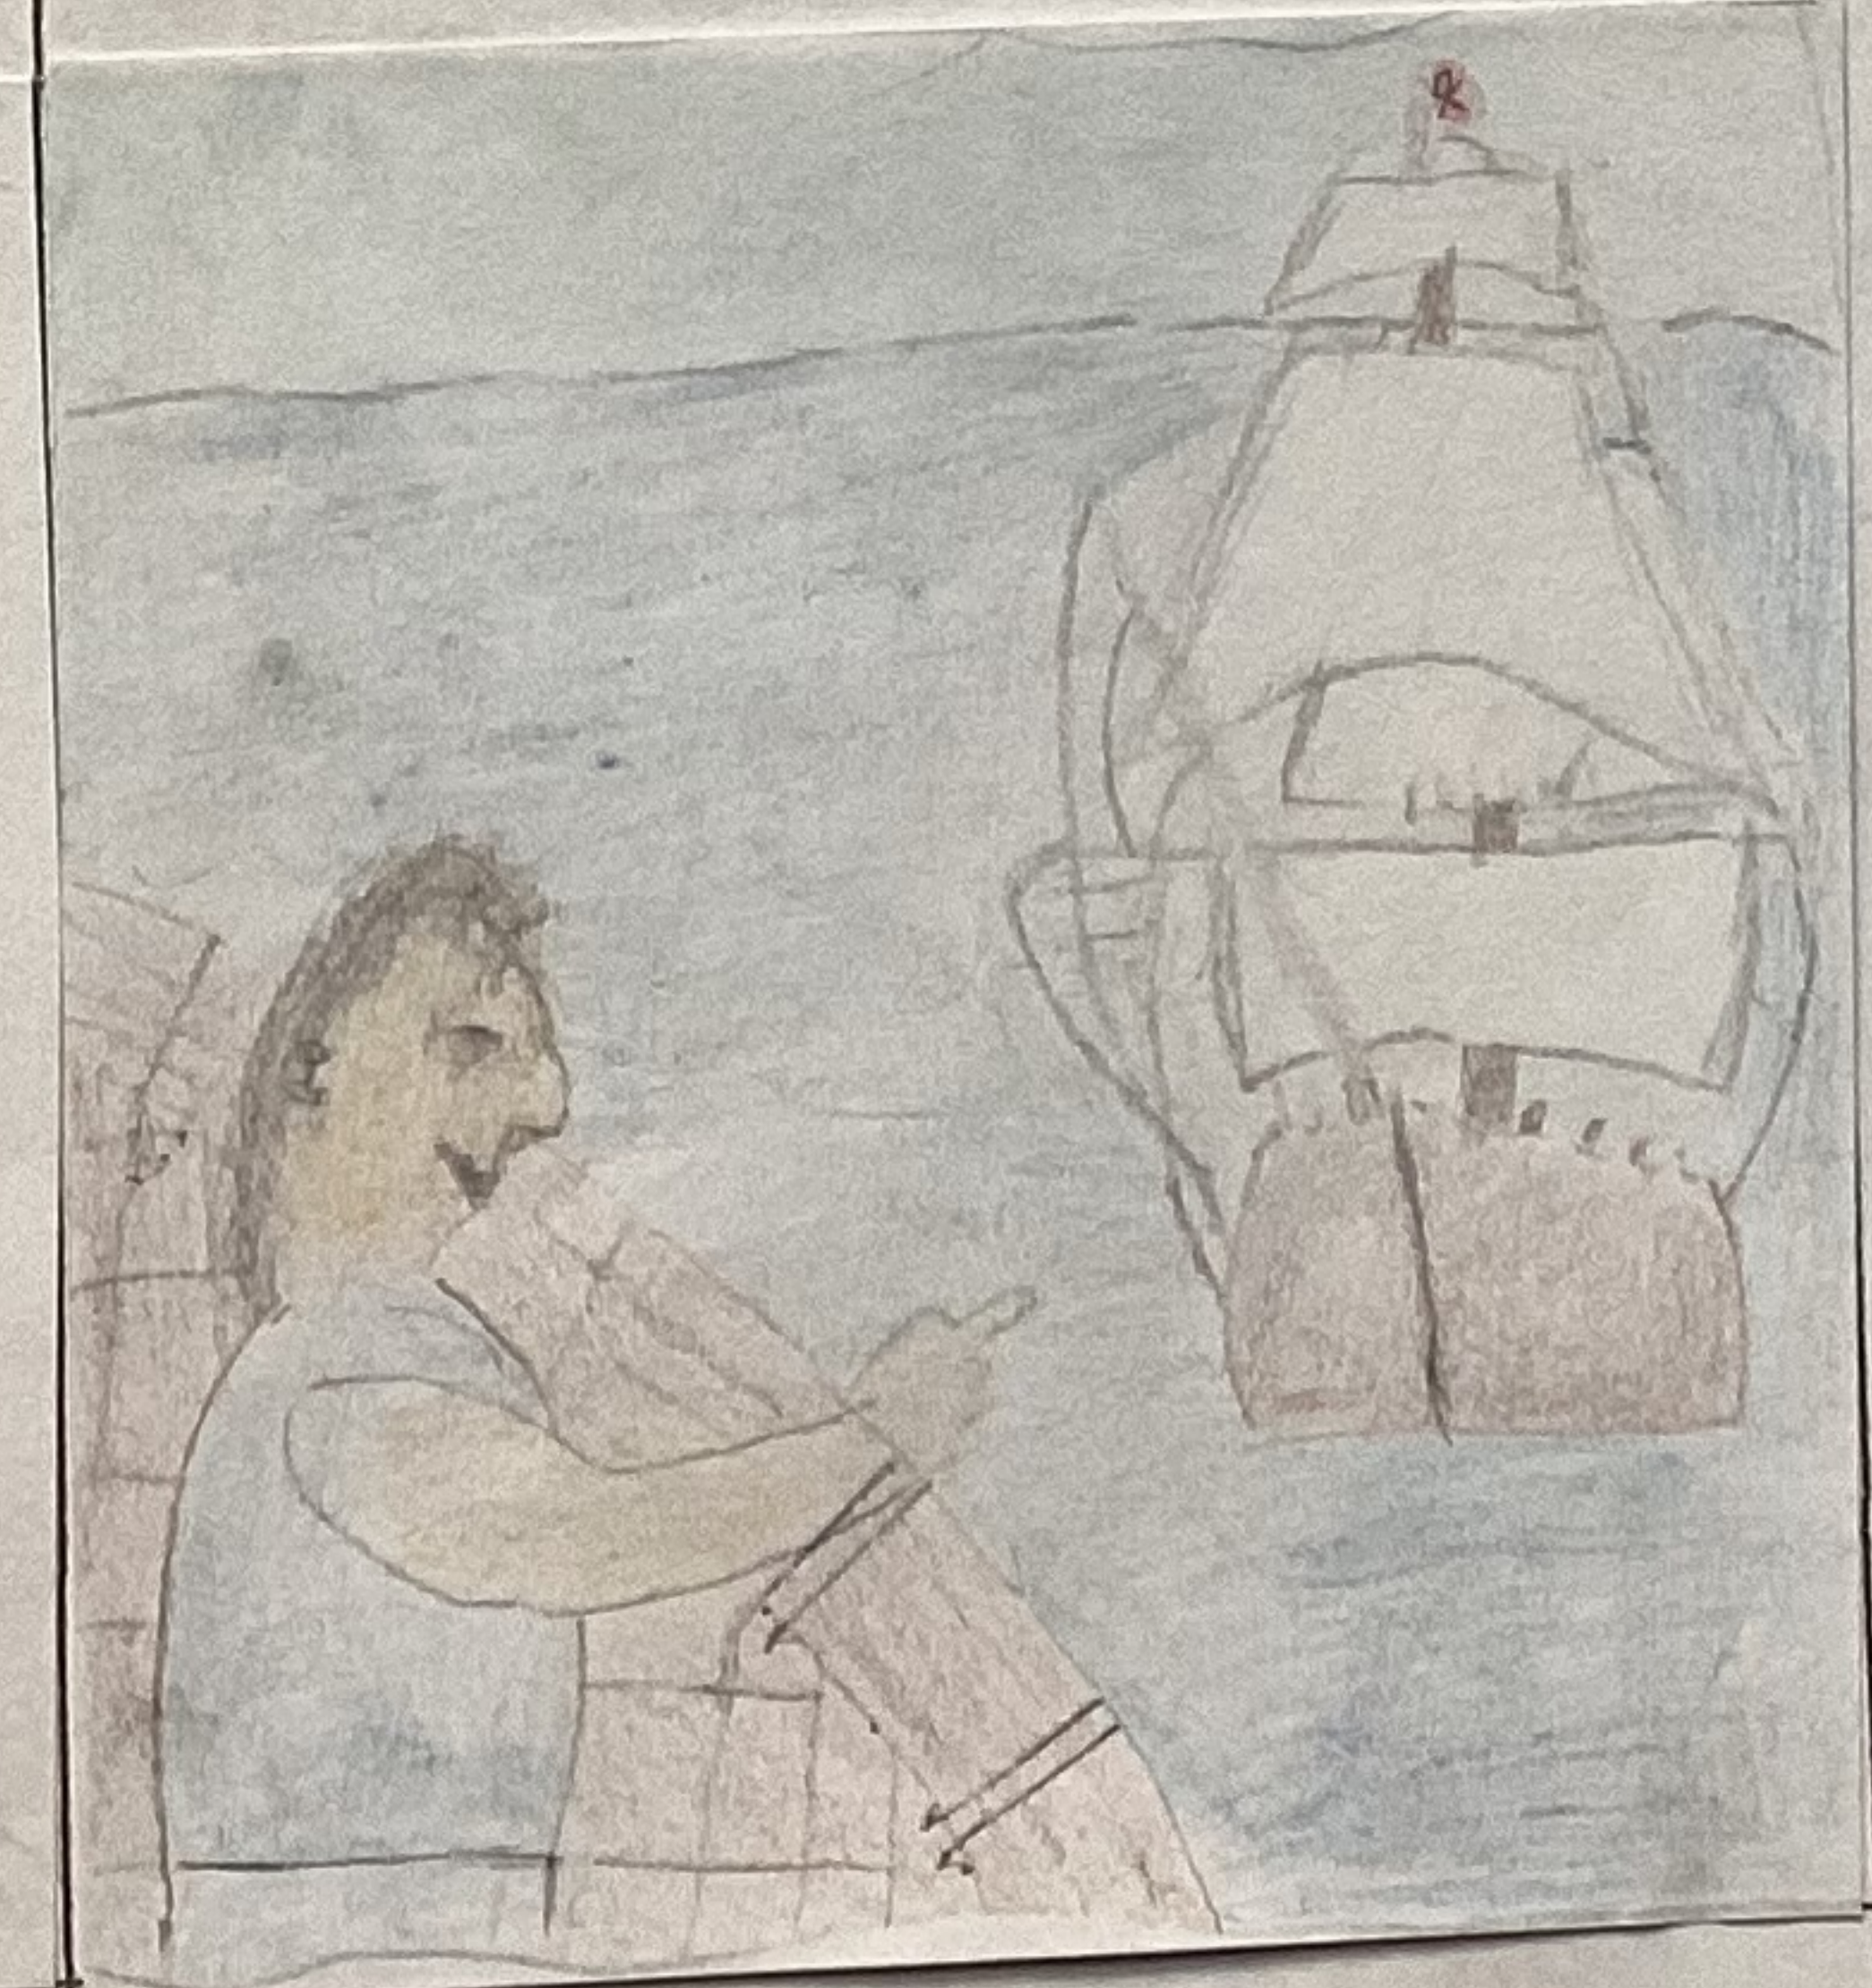

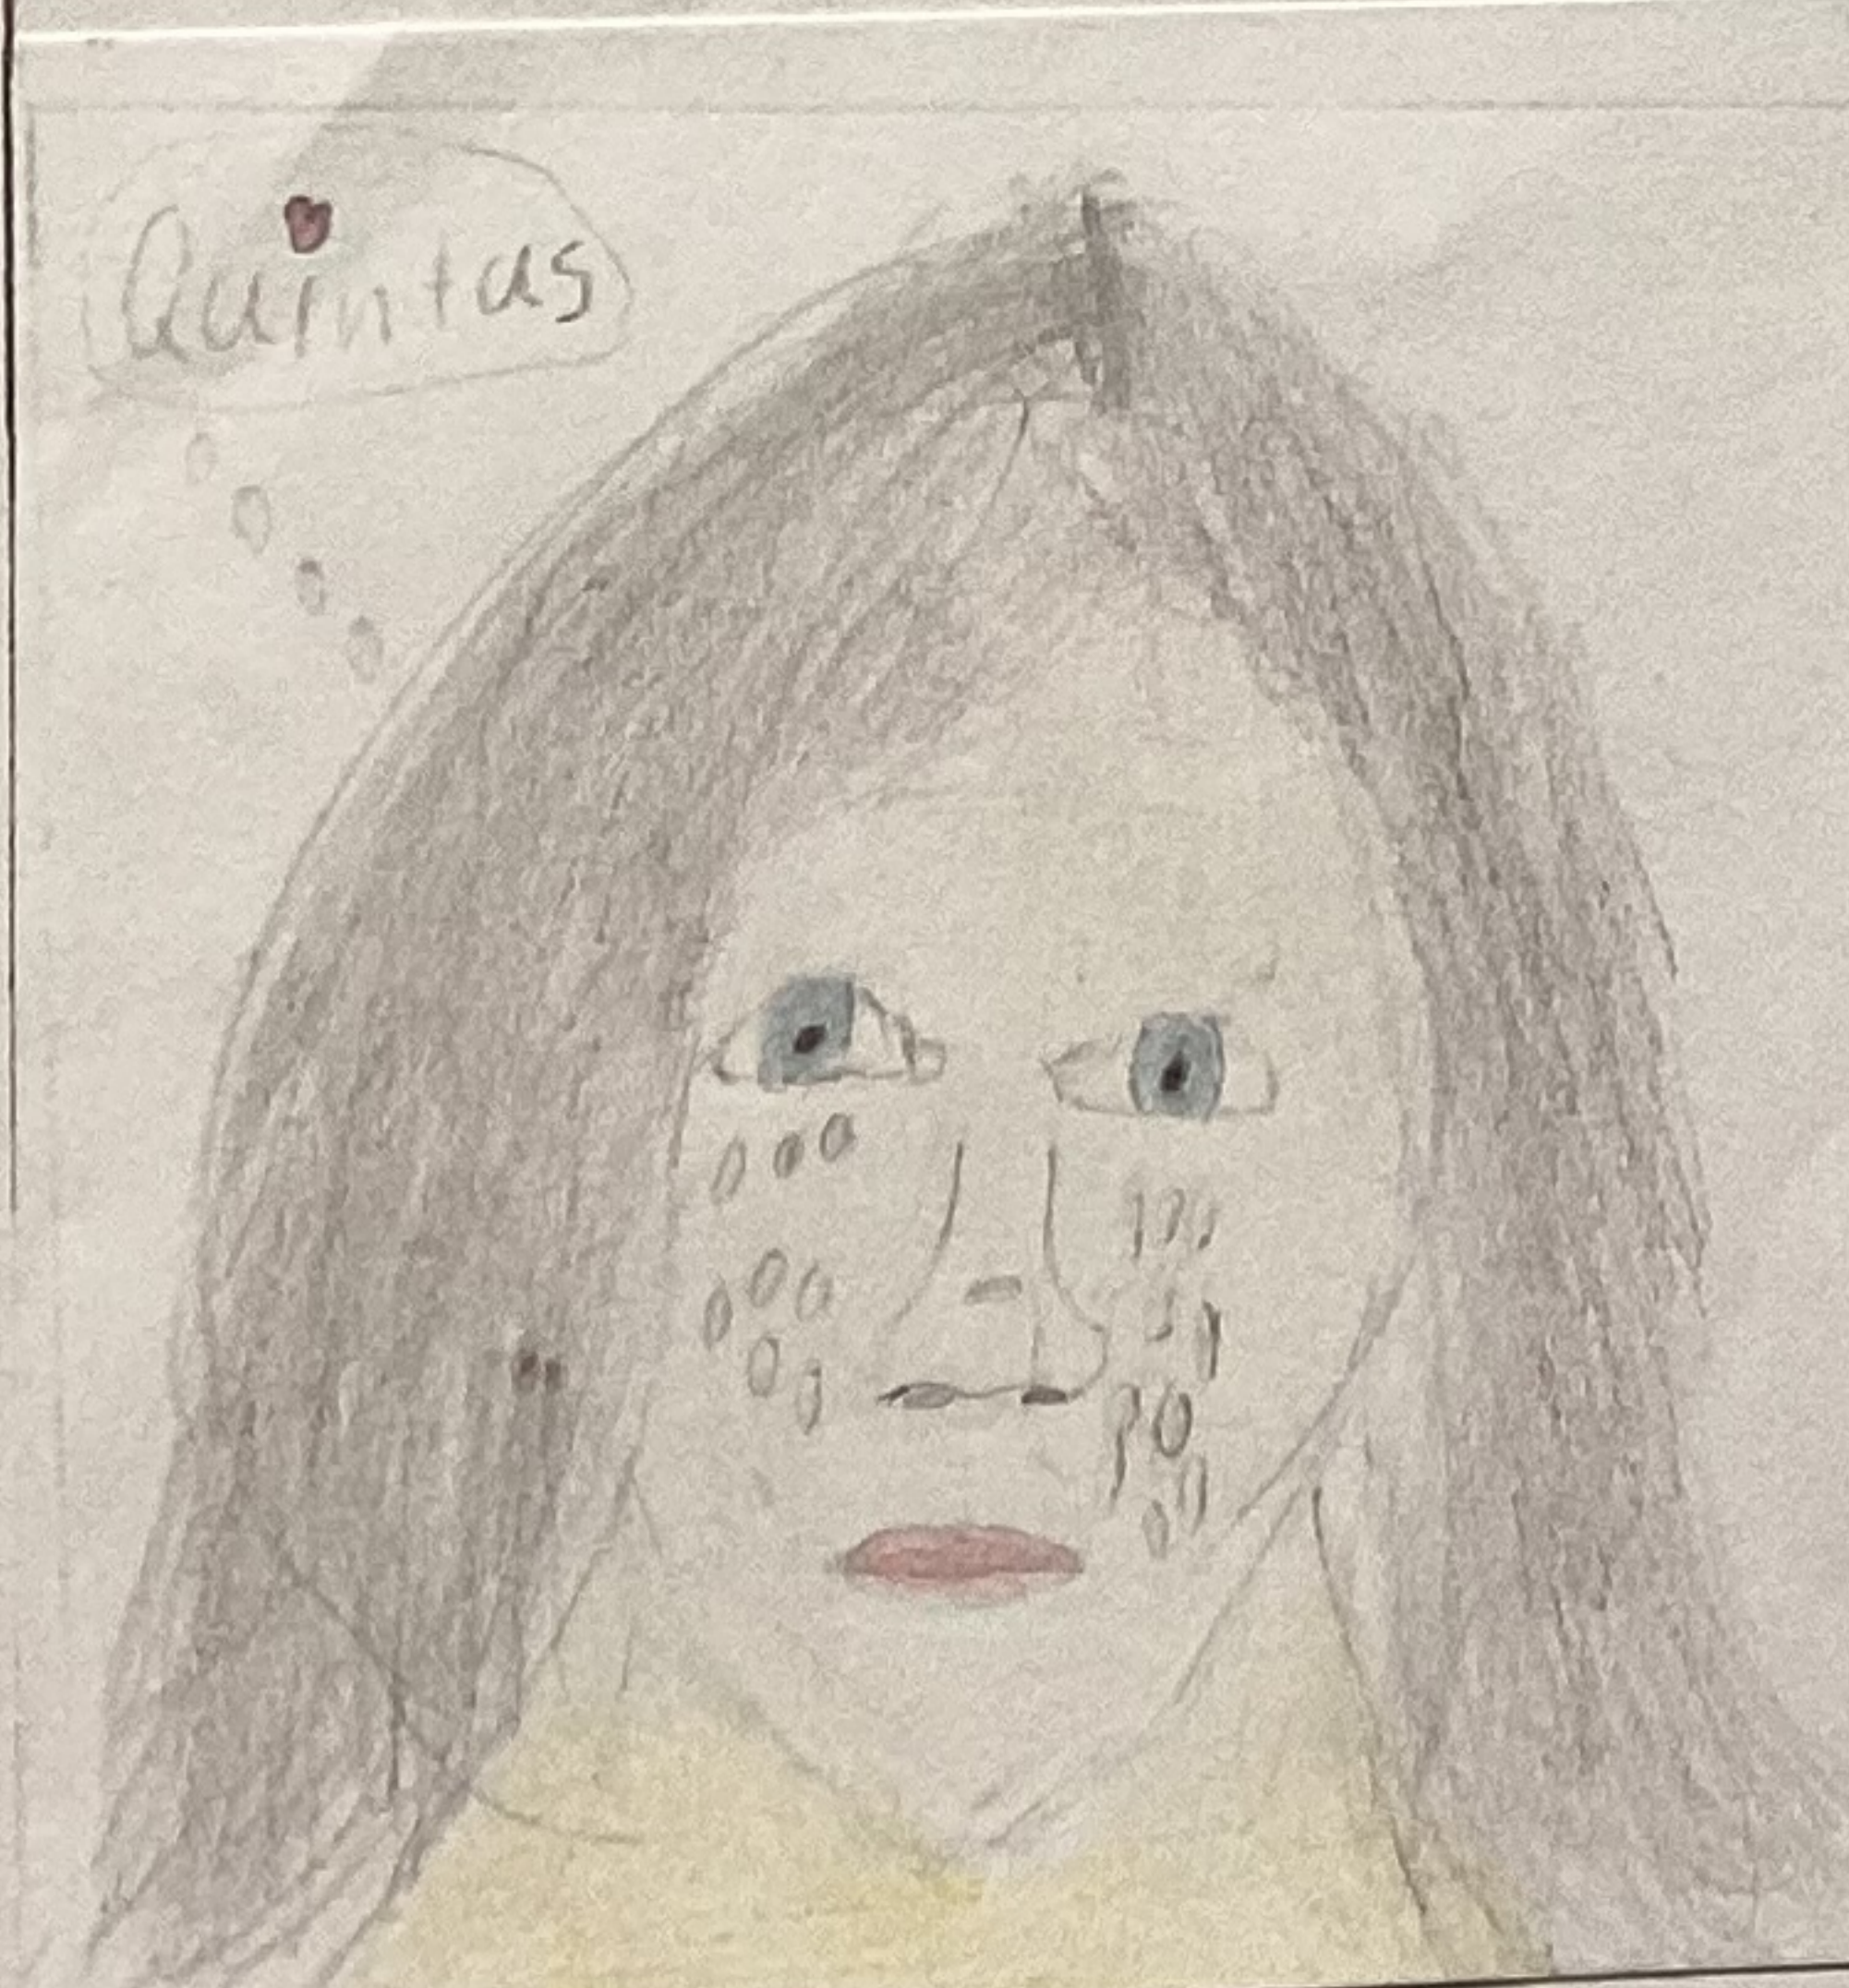

Alios necant, alios in mare
praecipitant, alios in insulam
Cyprum abelucunt.

Subitò magna navis procul apparet.

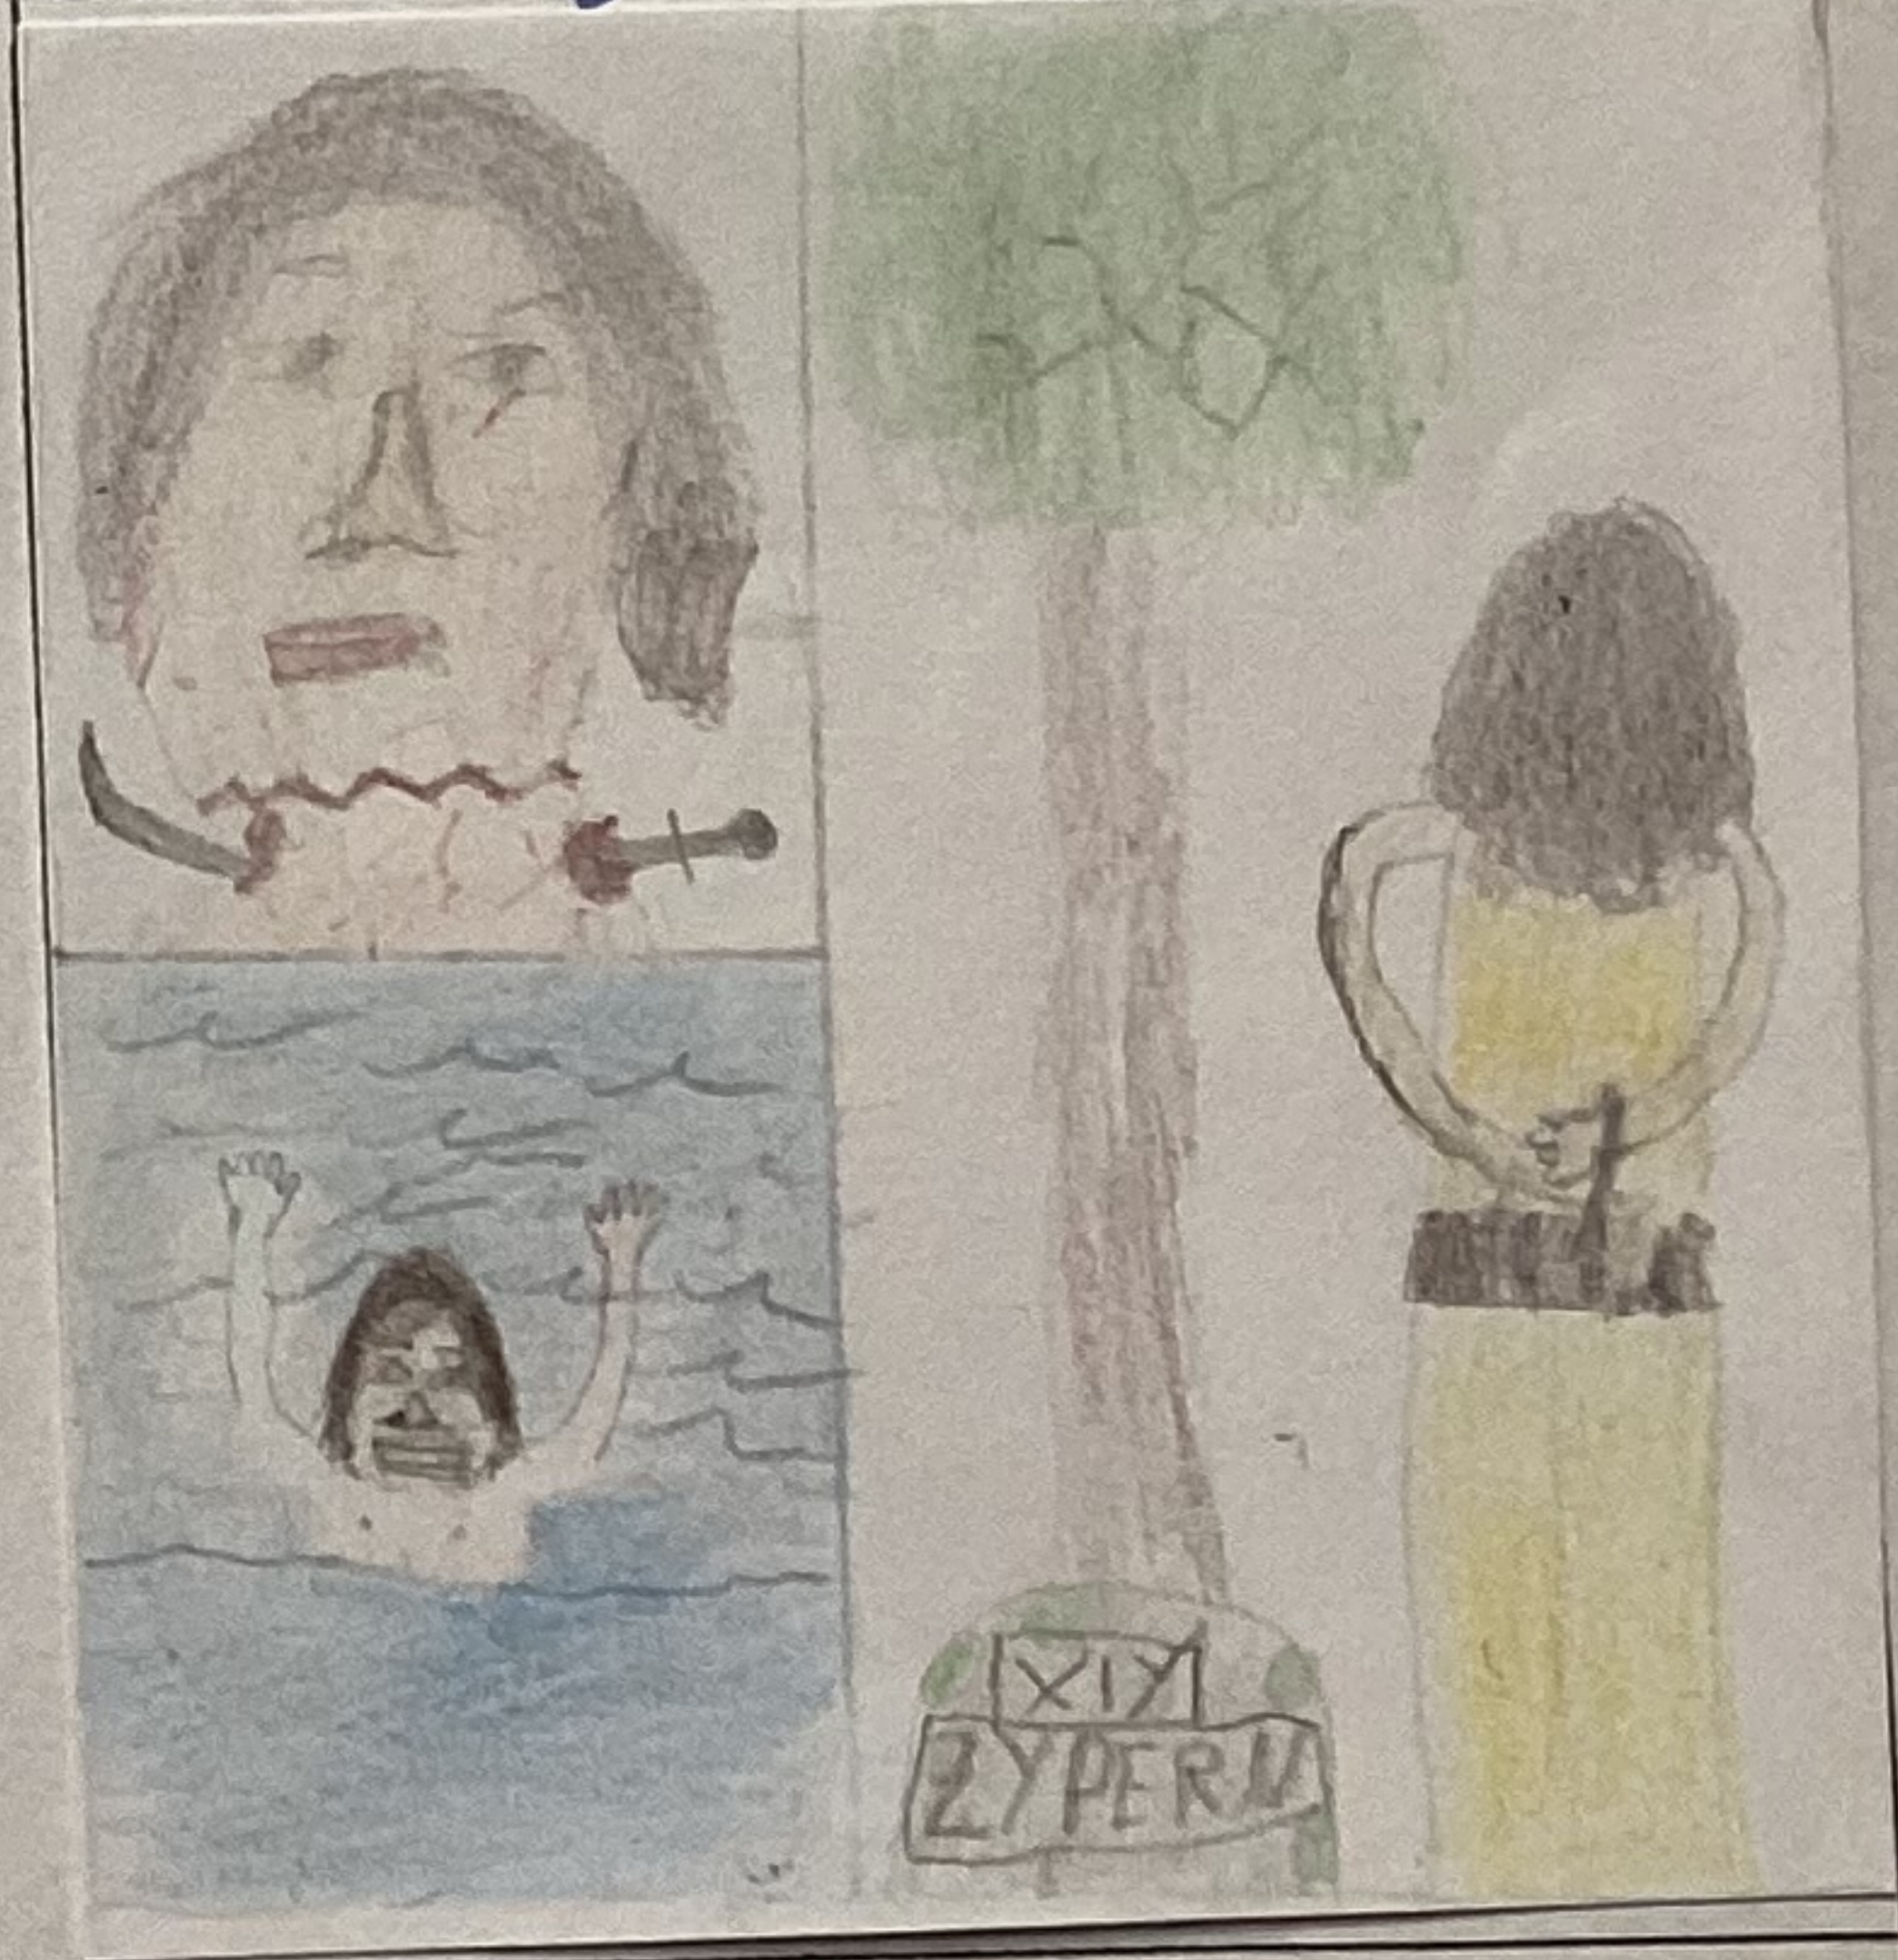

Jam magister nautas vocat et incitat: ... Arma sumite! ...

Calpurnia lacrimans orat: "O bona regina deorum! Audi me! Benigna es! Da nobis auxilium! Defende periculum!"

Magnus est furor. Nautae acerrime pugnant, sed piratae superant.

Alios necant, alios in mare praecipitant, alios in insulam Cyprum abducunt.
